New Jersey to Launch Home Appliance Rebate Program in April

State receiving \$8.3 Million through the American Recovery and Reinvestment Act Funds

The New Jersey Board of Public Utilities (BPU) and New Jersey's Clean Energy Program has announced the April 1st launch of the federally funded appliance rebate program.

Federally funded rebates give New Jersey residents an opportunity to upgrade their appliances to ENERGY STAR qualified models, which will help reduce their home energy usage.

The specific ENERGY STAR appliances, rebate amounts and products specifications, which will be offered from April 1 through April 30 – or while funding lasts, are listed on the New Jersey website www.njcleanenergy.com or by calling 1-866-657-6278.

Rebates from \$25 to \$100 will be available through a mail in rebate or an instant rebate from the retailer. For a complete list of retailers offering an instant rebate visit www.NJCleanEnergy.com or call 973-657-6278.

In addition to the federally funded appliance rebates, New Jersey's Clean Energy Program offers rebates for cloths washers, dehumidifiers and room air conditioners to eligible customers.

Additionally, a \$50 rebate is offered to New Jersey residents who recycle their old, working refrigerators or freezers through New Jersey's Clean Energy Program. Customers taking advantage of the ARRA incentives on new refrigerators may also take advantage of this program.
